

## Letterboxing Clues

### ***Letterbox One:***

#### **Roaring Brook Nature Center Werner Pond Trail Letterbox**

Walk up to the building and look to the left and you will see a path that has stairs going down. Go down the stairs and go to the right. Follow the Werner Pond Trail (Red Blazes). You will cross a bridge going over the Werner Pond.

After crossing the bridge, go right. Keep following the Werner Pond Trail until you see a log Bench (Eagle Scout Project) on the left. Follow the trail, not much farther, until you see a V shaped tree (two trees growing from the same trunk) on your right. If you see a white blaze on your left, this is the upper cut across, and you have gone too far.

On the right of the tree there is a patch of large rocks. Go to the farthest large rock. Be careful not to go too close to the water.

Look behind the rock. The letterbox is in between the rock and the smaller rock on the right.

Please make sure you securely put everything back in the box and bags and put it back in the hiding spot.

To get back to the Nature Center continue following the Werner Pond Trail

## ***Letterbox Two:***

### **Roaring Brook Nature Center Lower Cut Across Letterbox**

There are two ways to get to the Lower Cut Across trail (White Blazes).

#### *Route One:*

Walk up to the building and look to the left and you will see a path that has stairs going down. Go down the stairs and go to the right. Follow the Werner Pond Trail (Red Blazes). You will cross a bridge going over the Werner Pond. Continue on the Werner Pond Trail by taking a right. You will pass a log bench (boy scout project). Keep following the trail until you reach a clearing with benches. A little after the clearing, on the right there is the Lower Cut Across trail (White Blazes). It looks like a small path and around the entrance is a fallen tree that has been cut into pieces. (Continue with directions below 'Route Two').

#### *Route Two:*

Walk up to the building and go to the right. There are a few picnic tables and there is the Werner Pond Trail (Red Blazes). Follow the Werner Pond Trail until you see a clearing with benches. A little before the clearing, on the left there is the Lower Cut Across trail (White Blazes). It looks like a small path and around the entrance is a fallen tree that has been cut into pieces. (Continue reading below.)

Follow the Lower Cut Across until the trail turns right. There is a group of three trees connected and one of the trees has two white blazes. At the tree, go to the left to the hill of large mossy rocks. Go behind the largest rock which is on top of the hill. Look at the back of the rock. Look on the ground a few feet to your left. There is a triangle shaped rock next to a tree. There is an opening to the right. The letterbox is in the opening/cave.

Please make sure you securely put everything back in the box and bags and put it back in the hiding spot.

To get back to the Nature Center go back to the Werner Pond Trail and continue following it.
